

## **Solicitor Partner Compensation Disclosure**

Titan Invest ("Titan") pays pre-determined compensation to solicitor partners who drive users to a Titan web property. Accordingly, you may have been redirected to this landing page by such an incentivized third-party who would not have otherwise redirected you here. By continuing with the account opening process, you are acknowledging receipt of this disclosure. Titan and the referring party who directed you to this web property have entered into a written agreement whereby the referring party will use its best efforts to solicit and refer individuals as clients ("Prospective Clients") to Titan in exchange for cash compensation to be paid by Titan. Such referring party is an independent contractor, and is not an affiliate, agent, representative, partner or employee of Titan nor does the referring party have authority to accept a client agreement on behalf of Titan, to collect or receive payment in its own name for any of Titan's services, or to provide investment advice on behalf of Titan. The referring party's referral does not constitute a statement of the referring party's experience with, or endorsement of, Titan. Titan will pay the referring party for referral services provided by the referring party up to a certain cash amount (no greater than \$40) for each Prospective Client who opens, links a bank to, deposits at least \$500 into a Titan account, and keeps the account open for at least 30 days thereafter. Titan will not charge you any additional fees as a result of its agreement with the referring party. The amount of fees that Titan will charge you for investment advisory services is the same as what it would customarily charge any new customer who was not referred by a referring party.
